------------------	-------------	----------------------	-------------------------	------------------

Florida Statute §713.78 record. This trip sheet / tow ticket is the official operational record required to perfect a towing & storage lien under Fla. Stat. §713.78. For every vehicle towed without the owner present (non-consent / law-enforcement / private-property), the operator must notify the investigating law-enforcement agency, and the lienor must send written notice by certified mail to the registered owner, all lienholders, and the insurer within 7 business days (excluding the day of tow, weekends, and legal holidays). Enter the certified-mail date in the "Notice Sent" column and retain this sheet with the certified-mail receipts. Posted Class A non-consent rates are governed by Fla. Stat. §715.07. This form is a business record, not legal advice; have a licensed Florida attorney review your procedures.
