CERTIFIED-MAIL LIEN NOTICE TRACKING LOG

Tracks the statutory lien notices required by Fla. Stat. §713.78. After a non-consent tow, written notice must be sent by certified mail to the registered owner, each lienholder, and the insurer within 7 business days (excluding the day of tow, weekends, and legal holidays). Log each notice and its return receipt here, and keep the certified-mail receipts attached.

LIEN NOTICE LOG

Tow Date stored	Vehicle (yr/make/model) & plate	VIN	Recipient owner / lienholder / insurer	Certified Mail No. tracking	Date Mailed ≤7 bus. days	Green Card Returned date	Redeem / Sale Eligible date	Notes

Reminder: A separate certified-mail notice is generally required for each registered owner, lienholder, and insurer of record. Vehicles 3+ model years old may be sold after the statutory waiting period; newer vehicles require a longer wait (see Fla. Stat. §713.78 and current FLHSMV procedures). Verify VIN/owner via FLHSMV before mailing. This log is a business record and is not legal advice; have a licensed Florida attorney review your lien-and-sale procedures.
